*Let us take the stress and uncertainty out of moving to Canada.
We are here to help you succeed.*

ICG Schools is a leading Canadian Immigration Consultancy.

RCIC #R707273

It specializes in Student Visa services for Canada. We also provide online coaching for IELTS, TOEFL, PTE and CELPIP. Apart from the education segment, ICG Schools also specializes in providing consulting services for a visitor visa, business visa and permanent residency (PR).

Vision, dedication, and transparency,
these are the three pillars of ICG Schools' success.

The company has set standards of excellence that have become benchmarks for Canadian education, visa, and immigration consultation as well as English language examination coaching. Not stopping there, the company also has a host of ancillary pre- and post-visa services in their repertoire.

Choose Canada as your study abroad destination.

- Live in a bilingual environment.
- Benefit from a world-class education.
- Gain your work experience in Canada after you graduate.
- Ride Canada's tech wave.
- Have an excellent quality of life.
- Have an enriching cultural experience.
- Discover the country's natural beauty.

Services We Offer

Student Visa

Study in Canada provides one of the key pathways for immigration to Canada, especially for teenagers and young adults. After finishing post-secondary school in Canada, the student can apply for a post-graduate work permit and work in Canada. After completing 1 year of skilled work in Canada, the student could be eligible to apply for immigration under Canadian Experience Class or other provincial nomination programs offered to international students. Furthermore, a Canadian education and work experience will obtain additional points in Express Entry. We can assist you in school application, study permit application and to start planning your immigration path to Canada.

Express Entry

Express Entry is a Canadian Immigration program that makes it easier for candidates to immigrate to Canada. Skilled workers that meet certain criteria can enter the Express Entry Comprehensive Ranking System (CRS) with other eligible applicants. Immigration, Refugee and Citizenship Canada (IRCC) will select the highest scores from the pool of applicants and invite them to apply for Permanent Residence. We can provide a full assessment to evaluate your eligibility, scoring and provide recommendations for improvement.

Visitor Visa

Every year Canada welcomes more than 35 million visitors to enjoy the many opportunities and attractions our country has to offer. You may want to visit Canada for many reasons including, visiting family and friends, enjoying scenic views, or just simply visiting our major cities. Regardless of your reasons to visit Canada, we can help you obtain the necessary travel documents required to facilitate your visit.

Family Sponsorship

We understand the importance of family sponsorship applications. As each family has its own unique circumstances, we will explore your situation and abilities to sponsor your family and relatives to Canada. We will assist you with your sponsorship applications as well as the sponsored person application for permanent residence.

How to get assessed today?

If you are serious about moving and would like a detailed analysis of your eligibility and potential immigration route, take our free assessment and book a personal consultation. We will evaluate your immigration potential, go through all your options, and build a 'road map' to get you to Canada. We will discuss your case and explain how the system really works and how we can get you to Canada through the most effective means. We also provide a completely free relocation advisory service to you that makes moving to Canada a streamlined and enjoyable experience. Canadian Immigration can be a complex and confusing system. Let us take the stress and uncertainty out of moving to Canada.
